Electric Vehicle Ready

### FITS PASSENGER CARS AND SUVS

- Balanced performance with grip, comfort, and low road noise, thanks to an asymmetric rib design.
- Engineered to excel in all three performance areas: energy efficiency, wet braking and tread life.
- Optimised tyre casing design engineered for fuel efficiency and even tread wear.

## TYRE FEATURES

### ASYMMETRIC RIB DESIGN

Quiet, balanced performance on the road with quality grip and comfort.

### BALANCED MULTI-COMPOUND TREAD DESIGN

Engineered to excel in all three performance areas: energy efficiency, wet braking and tread life.

### OPTIMIZED CASING DESIGN ACROSS SIZE RANGE

Engineered for fuel efficiency on the road and even tread wear for miles.
