Do not attempt to mount 16" rim diameter tires on 16.5" rim diameter wheels; this may result in serious injury or death.

Always maintain tire inflation pressure at levels recommended by the vehicle manufacturer as shown on the vehicle placard or in the owner's manual.

For more complete information, go to Tire-HQ™ at www.tire-hq.com.

NOTE: When replacing a vehicle's original equipment light truck tires with passenger car tires, the load on each replacement car tire must not exceed the maximum load stamped on the replacement car tire sidewall divided by 1.10.
