X FIT VAN

Laufenn
Journey in Style

Reliable summer van tyre with impressive performance and grip on both wet and dry surfaces. The X FIT VAN has excellent mileage and fuel efficiency.

Key Features

3-channel wide grooves reduce hydroplaning.

Unique rubber compound and structure of tyre improves strength.

The squared foot design ensures high road contact.

Driver Benefits

Optimised wet and dry performance, with impressive braking and handling.

With secure and stable road control, and precise steering.

Long tread life and mileage, improved durability and resistance to external damage.
