

MICHELIN®
Pilot® Alpin® PA4™

MICHELIN® Pilot® Alpin® PA4™ tires merge Pilot performance handling with Alpin tire winter capabilities and designed for OE fitments like the Corvette Stingray.

WINTER TIRE

WHY SHOULD YOU CONSIDER THIS TIRE?

Exceptional Control in Snow and Ice.

Equipped with an exclusive tread design and Stabiligrip, a 3D sipe technology, the new Michelin® Pilot® Alpin® PA4™ tire delivers a 10% improvement in snow acceleration and more than a 5% enhancement in handling on snow covered and icy roads¹.

Improved Braking Distance

The new formula of full silica-based rubber compound, Helio Compound™, allows the Michelin® Pilot® Alpin® PA4™ tire to remain flexible in low temperatures for better winter performance; stopping over 5% shorter on snow, ice and wet roads².

Certified By Ultra-High Performance Vehicle Manufacturers.

The new Michelin® Pilot® Alpin® PA4™ tire is approved by the high standards of Porsche SE and is currently being tested by many other high-performance vehicle manufacturers.

¹ Internal testing; In comparison to the high standards of the Michelin® Pilot® Alpin® PA3™ tire.
² Internal testing; In comparison to the high standards of the Michelin® Pilot® Alpin® PA3™ tire (braking 6.6 feet shorter at 30 mph on snow and 16.4 feet shorter at 60 mph on wet pavement).

Popular Replacement Market Fitments:

- Audi A6
- Acura TL
- BMW 328i
