GET THE MOST FROM YOUR DRIVING EXPERIENCE FOR MORE MILES¹

MICHELIN PILOT SPORT⁵, ROAD CONTROL MADE TO LAST

Enhanced spirited driving that lasts for more miles¹

- Responsive driving with the combination of high performance, precision handling and steering control²
- Designed to last 33.5% longer¹

Command the road confidently with long-lasting tire grip³

- Maximized grip and traction in wet and dry conditions³
- Shorter braking in the wet of 1.4m⁴ when new and 4m⁴ when worn, compared to other premium brands

When performance meets aesthetics

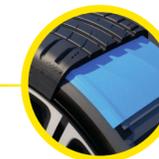

- The "Premium Touch sidewall design" creates a sleek, matte-black aesthetic with a velvet-like micro texture

MaxTouch Construction

Maximizes the tire's contact with the road and evenly distributes the forces of acceleration, braking and cornering - delivering longer tread life without sacrificing performance.

Dynamic Response technology

MotorSport experience legacy, A hybrid belt of Aramid and Nylon ensures optimum transmission of steering instructions onto the road.

Groove clear

The association of large longitudinal grooves that dump water into wide transversal channels designed to flush the water away.

Dual sport tread design

This 5th sport generation features a dual side functionalized tread design, inspired from MotorSport experience:

- Inner side with large grooves and high void ratio for traction/adhesion on wet roads.
- External side with rigid blocks for better grip on dry.

Wear2Check

This easy to find and easy to read tread wear indicator is designed to facilitate monitoring and to help you to optimize the longevity potential of your tire.

KEY VEHICLE FITMENTS

BMW 3 series
Mercedes C Class
Subaru WRX
Toyota 86
Volkswagen Golf GTi
