

# Pilot Super Sport

Designed especially for high performance  
super sport cars and ultra-high performance tuning

## 01 Safety even in the most demanding conditions

3 metres shorter braking distance on wet roads<sup>1</sup>  
Number 1 in dry handling<sup>2</sup>

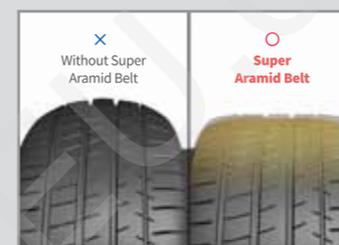

## 02 The fastest tyre<sup>3</sup>

6 Guinness World Records with the Koenigsegg Agera R

## 03 Developed with Porsche, BMW M and Ferrari

## 04 Technologies coming from 16 consecutive victories at the 24 hours of Le Mans

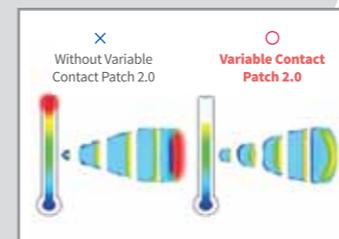

### TECHNOLOGY

#### Handling & Response

##### Superior stability at high speeds

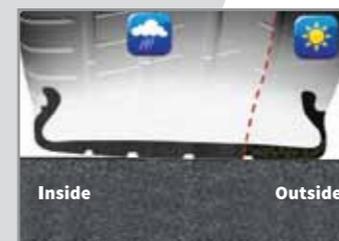

- High-density and ultra-light materials with 5-times higher durability than steel
- Controls tread deformation caused by centrifugal force at high speeds

#### Variable Contact Patch 2.0

##### Optimal grip in different driving conditions

- When cornering, the shape of the contact patch changes but the amount of rubber in contact with the road surface stay the same for optimum grip and evenly distributed forces and temperatures over the contact patch

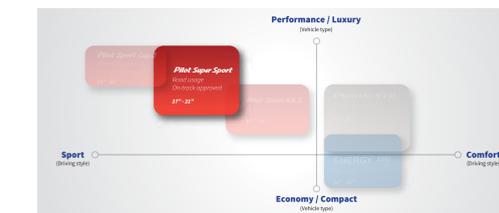

#### Dual compound technology

##### Excellent stability on dry and wet roads

- Outer: Extreme grip and endurance even under the tightest cornering thanks to technology derived directly from the Le Mans 24 Hour Race
- Inner: Exceptional wet grip thanks to the latest generation of elastomers

### POSITIONING MAP

### KEY VEHICLE FITMENTS

**Porsche 911**  
**Ferrari 458**  
**BMW M3, M5**  
**Mercedes Benz SL63 AMG**

### KEY OE AWARDS

**Porsche Panamera**  
**Ferrari FF, F12, 458**  
**Mercedes Benz SL AMG**  
**Mercedes Benz C63 AMG**  
**BMW M2, M3, M4 GTS, M5, M6, X4, X5M, X6M**  
**BMW 5-Series, 7-Series**  
**Cadillac CTS**  
**Chevrolet Corvette**  
**Lexus LF-LC**  
**Tesla Model S**

<sup>1</sup> Test carried out by Michelin Technology Centre. Compared with MICHELIN Pilot Sport PS2

<sup>2</sup> Tests carried out in 2010 by TV SD, compared to its 5 premium competitors (available on the market at the time)

<sup>3</sup> The fastest lap time on a dry track. Tests carried out in 2010 by TV SD, compared to its 5 premium competitors (available on the market at the time)
