nokian
TYRES

BORN FOR WINTER, BUILT FOR SPEED AND CONTROL

NOKIAN TYRES SNOWPROOF 3P

True winter expertise

Unmatched winter heritage from the inventor of the winter tire, with Nordic know-how for real Central European winter conditions

Outstanding winter grip on all surfaces

Balances the thrill of the road with predictable safety rooted in decades of expertise from the global tiremaker based in Finland

Excellent snow and wet performance, plus aquaplaning resistance

Predictable stability in fast-changing winter conditions, including snow, ice, slush and wet roads

High-speed precision and balanced handling

Stable, predictable steering on cold, dry, wet and snowy roads for UHP cars, SUVs and modern EVs at real Autobahn speeds

More durability with Aramid Strong Sidewalls

Protection from potholes, curbs and rough winter roads thanks to lightweight fibres embedded in the sidewall
