

intensa uhp

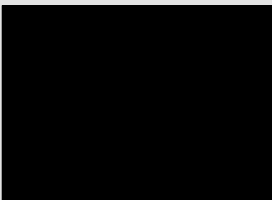

PASSENGER

HIGH / ULTRA HIGH PERFORMANCE

An ultra high performance tyre with exceptional dry handling

Get more from every drive with the intensa uhp. The wet and dry handling demanded by owners of high performance cars, with a fuel-saving design that puts extra kilometres in every tank.

Precision dry handling

For your driving pleasure - enjoy confident handling with the intensa uhp. The tread pattern features a stiff outside shoulder block for superb cornering grip. Steering is precise and controlled, thanks to the large centre rib.

Low fuel consumption

The intensa uhp blends low-weight construction with optimum rigidity for better fuel efficiency and fewer CO₂ emissions.

Dependable wet performance

The intensa uhp uses a tread compound for reliable grip and shorter braking distances in the wet. Wide grooves in the tread quickly shed water in heavy rain conditions.

Low noise levels

The intensa uhp features a tread designed to reduce noise and offer a smoother ride.
