

# The One for All Seasons

## **BluEarth-4S** AW21

AW21

Available sizes on pages 32-34

Maximum speed  
 300 km/h in case of Y speed symbol  
 270 km/h in case of W speed symbol  
 240 km/h in case of V speed symbol  
 210 km/h in case of H speed symbol  
 190 km/h in case of T speed symbol  
 (Speed symbol varies depending on size)

EU Label Range	
Fuel Efficiency Class	C-D
Wet Grip Class	B-C
External Rolling Noise Class and Measured Value (dB)	B 70-73
Series: 40% - 70%	Inches: 20-14

See page 32-34 for detailed information.

**Application:** Small and Compact cars, mid-size sedan, modern SUVs & CUVs

**Benefits**

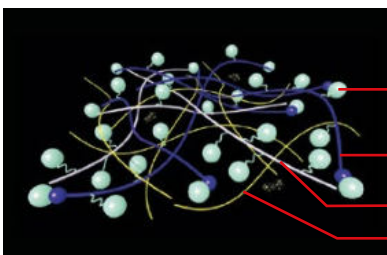

- Reliable grip on wet & snowy winter roads
- Impressive braking performance on wet & dry summer roads
- Remarkable Mileage Performance

**Features**

- Divergent V-Groove
- Flat & Wide Contour
- Silica End-locked compound

**Compound**

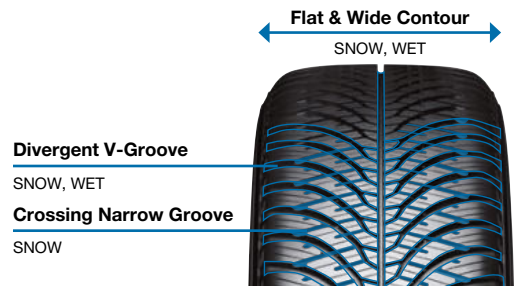

for SNOW/WET Performance

- Micro Silica
- Silica End-Locked Polymer
- Snow Grip Polymer
- Wet Grip Polymer

**Tread Pattern Design**

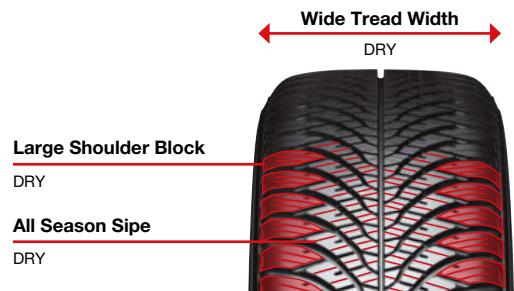

for SNOW/WET Performance

Confident driving on unfavourable road conditions

**Tread Pattern Design**

for DRY Performance

Confident driving at every day use

Agent: TÜV SÜD Product Service GmbH, Test: Benchmark Test 2018 on a voluntary basis, Test report No: 713125573, Test Period: March - June 2018, Test Locations: Wet & Dry: ATP Papenburg (GER), Snow & Ice: YOKOHAMA Test Center of Sweden (SWE), Rolling Resistance: TÜV SÜD PS Garching (GER), Noise: FAKTmotion Memmingerberg (GER), Test Vehicle: VW Golf VII 1.6 TDI, 1.5 TSI & 2.0 TDI, Tyre Size: 195/65R15 91H (but certificate is valid for all AW21 sizes)
